Reference: FCC Docket Nos 96-45, 98-171, 90-571, 92-237, 99-200, 95-116,
98-170 and NSD File No. L-00-72.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I am not the average cell phone user. If it were up to me, I would rather not have one at all. However, I MUST have one because my father attends an adult daycare service because of a massive stroke that he suffered. If something should happen to him during the day while he is there, they MUST be able to reach me. Please reconsider this \$1.00 fee. The reason I have a TracFone is because I cannot afford a regular cell phone plan. This was the most reasonable thing I could find that does what I need it to do, be an emergency phone for me. Thank you for your consideration to this matter.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Nancy Wisniewski
